Every new year comes with new products!

WEEKLY WEDNESDAY MANUFACTURER UPDATES

Each week, Ginger Grant Group shares manufacturer updates and promotions! Last week we celebrated the gift of manufacturers with [Open Plan Systems](#), [Intensa](#), [StableRise and LifeDesk](#), as well [NTX Building Products](#).

This week, the spotlight is on new products such as: Carve from EzoBord, Breeze.upp furniture from Gressco, and Kami Accent chair from Hekman. For a closer look, click the images below!

EzoBord

EzoBord produces design driven architectural acoustical solutions in an array of colors and materials for ceilings and walls, as well as space dividers for privacy. This week we're highlighting Carve acoustic panels, Balsa Acoustic Slat Wood wall panels, and a soon-to-be-revealed color collection!

Gressco

Gressco delivers quality products to commercial, healthcare, library and educational markets to help Designers create inviting, interactive spaces designed with lasting quality and craftsmanship. In the spotlight this week are three new furniture pieces from Breeze.upp by Haba.

Hekman

Hekman Contract offers a wide selection of casegoods, upholstery, and accent furnishings ideal for a variety of living and working environments. This week's highlight features a Brass Metal Rectangular side table, Cambridge X-base faux bamboo writing desk, and the Kami accent chair.

EzoBord

Manufacturer Product Spotlight

Carve Acoustic Panel (<https://ezobord.com/carve/#>)

Carve acoustic v-notch panel patterns add visual depth to EzoBord sheets and bring harmony and control to acoustically demanding spaces. Carve expands EzoBord's acoustic panel patterns by adding curvilinear bespoke connectable patterns to create unique designs in almost unlimited combinations. Easy to install in such a way that patterns are continued, Carve supports full surface applications.

COMPOSITION 100% pet (min. 50% recycled content)

CLEANING Remove dust and dirt with a stiff plastic bristle brush. Distilled water can be used to remove stains. Always use a soft, clean cloth and blot dry. Vacuuming works great as well.

FIRE TESTING North America: ASTM E-84 Class A* CAN ULC S102-10; Europe and UK: EN13501-1: 2007

ACOUSTICS Refer to ASTM C423 test chart for specific absorption rates/frequency.

ENVIRONMENT Made of polyester fiber, min. 50% of which comes from recycled water bottles which contributes to LEED MR Credit and BREEAM Health and Wellbeing, Materials points due to recycled content, acoustic performance, and low emitting materials. No VOC's: CDPH v1.2 and REACH SVHC Compliant.

USGBC LEED V4 CREDITS While individual products do not 'earn' LEED credits, EzoBord can contribute to the following LEED v4 Credits. Please refer to the USGBC LEED credit guides for detailed requirements. EQc9 for enhancing acoustic performance MRc3 BPDO for sourcing of raw materials for recycled contribution EQc6 interior lighting for surface reflectance (lighter color options).

New Colors: January 9th

Whether your road is paved with gold, hibiscus or amaranth, color leads the way to any design utopia. Color reflects your brand, punctuates your desire, evokes expression, and showcases your personality. It creates mood, supports focus, generates vibrancy and helps align settings with the people who use them. Selecting your palette is where the creative process begins. Explore the wide range of material options and choose color (<https://ezobord.com/ezobord-material/>), your way!

EzoBord is known for their wide array of colors, patterns and materials, providing bold pops of character with each new design. On January 9th, EzoBord will announce a new color collection with rich, beautiful shades to bring even more customization and life to your office, lobby, and work spaces.

*Colors shown here are from EzoBord's current selection, and do not indicate the colors soon to be announced.

Balsa Acoustic Slat Wood Panels (<https://ezobord.com/balsa/#>)

Balsa is a design-forward acoustic wall panel that integrates slat wood panels to create a warm environment.

The aesthetic appeal of wood brings the outside into the workplace environment and is shown to enhance well-being and calmness. Drawing on nature, wood elicits feelings of comfort and relaxation that can inspire focus, alertness, and productivity.

Sporting woodgrain colors, Balsa can outfit entrance ways or act as a feature wall. Lightweight and easy to install, Balsa Raw produces elegant wood finishes by printing on ezoBord material.

Balsa Premium mimics traditional wood more closely with a more detailed application that displays edging and that wood-vein look and feel.

Gressco

Manufacturer Product Spotlight

Breeze.upp Reception Desk by HABA Pro (<https://gresscoltd.com/mwdownloads/download/link/id/3712>)

This modern reception desk combines practical with playful elements. For early childhood educators, this desk is efficient as a reception counter, but while the adults are still discussing something, the children pass through the gate into the play paradise.

For the educators, the counter with the compartments on the back acts as a workplace for sitting or standing. This is where the threads come together in the morning when the children arrive and in the afternoon when they are picked up, allowing administrative things to be taken care of at the same time.

Made of three-layer thick particle board with extra tough surface coating and poplar plywood in Germany with a ten year warranty. Available as follows:

Long: 64½"W x 41¾"H x 34¼"D with counter on Left (442705) or Right (442708)

Short: 43¼"W x 41¾"H x 34¼"D with counter on Left (442710) or Right (442712)

- 2-in-1 workplace and reception
- Optical highlight
- With passage for children
- Practical w/playful elements

Breeze.upp Circle Pattern Carpets by HABA Pro (<https://gresscoltd.com/mwdownloads/download/link/id/3712>)

The cuddly soft, visually appealing carpet is an eye-catcher for every room - not only because of its size.

Children can sit comfortably together on the carpet, play, build, look at books or simply stretch out and trace the millings. Carpets provide thermal insulation and resistance, and in colder weather, it retains warm air longer - an

energy conservation benefit. Improves spaces by cushioning the impact of slips and falls, noise dampening which makes it easier to concentrate.

Available in 3 Sizes. 10yr warranty. Made in Germany.

- Extra large area for playing & building
- Suitable for underfloor heating
- Visually and haptically interesting
- Can be combined with semicircular carpets
- Available in square, circle and semi-circle shapes

Breeze.upp Extendable Table by HABA Pro (<https://gresscoltd.com/mwdownloads/download/link/id/3712>)

The modern table that combines practical with playful elements. Staff or meeting rooms are well equipped with this space miracle. The table can be extended from 67" to 94½" and thus adapted to the space requirement or the number of people.

Space for up to ten people is available in no time, for example for meetings. The extendable table is also ideal if you want to work with large-format materials or if you have to sort a wide variety of materials. Their adaptable size means they are especially practical for smaller spaces, or can be used as overflow tables.

Made of three-layer thick particle board with extra tough surface coating and textured steel legs.

- Table size quickly adjustable
- Enables more flexible use of space
- Height selectable
- Available in single or two colors
